O KLIJENTU

Our client is a constantly growing global software development company, with outstanding ideas that are the building blocks for their innovative product and success.

The Position

- Leading and managing a team of developers, providing technical guidance, mentorship, and managing their performance.
- Collaborating with the team on the development, deployment, and testing of the software solutions, which encompass legacy apps undergoing refactoring and entirely new software projects.
- Cultivating a culture of collaboration, innovation, and continuous improvement within the development team.
- Establishing and upkeeping coding standards, best practices, and development methodologies within the team.
- Ensuring adherence to established architectural principles and coding standards to deliver high-quality, scalable, and maintainable software solutions.
- Coordinating with cross-functional teams, including QA, infrastructure, and product management, to ensure seamless integration and delivery of software projects.
- Staying informed about industry trends, emerging technologies, and best practices, and driving their adoption within the team.

The Candidate

- 5+ years of work experience in development positions, preferably working with

JS libraries and frameworks such as React and Angular.

- Exhibiting proficiency in Cloud environments such as GCP, AWS, or Azure.
- Working knowledge of containerized deployments, such as Docker and /or Kubernetes.
- Experience in Continuous Integration and Continuous Delivery.
- Familiarity with Agile development frameworks.
- Demonstrating fluency in English (both written and spoken).

Personal Profile

- Displaying strong leadership skills with the ability to motivate and inspire a team.
- Proven experience in leading a team of developers is a strong plus.
- Excellent communication and interpersonal skills, facilitating effective collaboration with others.

What's in it for you?

We offer you an opportunity to join a multicultural team, where your contribution and innovation will be highly appreciated. You can enjoy a hybrid work location, providing the flexibility of working both in the Zagreb office and from the comfort of your home. The remuneration package is competitive, with additional benefits such as the education budget, Christmas and Easter bonus, a free parking space, fitness benefits, additional health insurance, generous vacation policy, and many more.

Contact

If you think you have the needed experience and expertise and would like to be part of our client's success story, then we are ready to meet you. Please send us your resume together with a short motivation in English. All applications will be processed with the highest confidentiality guaranteed.

Your personal information from the above form (name and surname, gender, date of birth, contact number, e-mail address, zip code, and residence/residences) as well as the information you provide in your resume is processed solely for job search purposes. We process your information until you request that we exclude you from our base of candidates. Additional information on the protection of personal data is available on these pages at <https://smartgroup.hr/en/privacy-policy>.
